

# Acme Adapters with Strainer Screens

Stop the inherent danger of debris getting wedged in back-check and excess flow valves causing the shut-off mechanism to fail. Comply with NFPA 58\* and achieve maximum protection at minimal cost.

Marshall Excelsior's ME251, ME252-16 and ME503-16 are now available for immediate delivery with strainer screens pre-installed.

When ordering - to specify the strainer screens add an 'A' after the part number (i.e. ME251A).

\* NFPA 58 3.3.3.7

*System piping shall be designed to prevent debris from impeding the action of valves and other components of the piping system.*

| Acme Adapters with Strainer Screen |                                |
|------------------------------------|--------------------------------|
| Part No.                           | Description                    |
| <b>ME 503 A - 16</b>               | 3 1/4" Male Acme x 2" MNPT     |
| <b>ME 262 A</b>                    | 3 1/4" Male Acme x 3" MNPT     |
| <b>ME 250 A</b>                    | 3 1/4" Male Acme x 1 1/4" FNPT |
| <b>ME 251 A</b>                    | 3 1/4" Male Acme x 1 1/2" FNPT |
