

QCC / OPD Valve Cap

20 lb. Cylinder w/ ME392P

ME392P

ME952-07

Application:

These caps are intended to protect the 1-5/16" M. Acme threads on QCC or OPD type cylinder valves. Using these caps will also reduce the likelihood of inadvertent damage to the valve's threads, shutoff mechanisms and sealing surfaces.

Features:

- Available in all Brass Construction or Molded Black Vinyl
- Black Vinyl Cap includes Lanyard
- Black Vinyl Cap dust seal only
- Brass Cap provides a leak free seal
