

# METHANOL INJECTOR

---

**Purpose:** Fast and efficient method to inject methanol ensuring condensation does not freeze in the propane system

## Features:

- Spark resistant brass connectors and valve
- Durable steel construction body
- Weldment powder coated for maximum weather resistance
- Quick connecting 1-1/4" female acme vapor coupling
- For use with all multi-valve applications or where vapor recovery systems are in place
- Gravity fed for fast, convenient filling
- Holds up to 42 ounces of methanol

Part No.	Description
<b>MEP700</b>	<b>Vapor Return Methanol Injector 1-1/4" Female Acme</b>
<b>MEP700-01</b>	<b>Vapor Return Methanol Injector Weldment - Body Only</b>
